

FOR TELEPHONE PAGING APPLICATIONS

BOGEN ACE TRAINING

Bogen Communications, Inc. would like to offer you the opportunity to attend a FREE, Full-day, BICSI-Accredited Training Seminar focusing on "Telecommunications Paging Applications".

Seminar Objectives:

- Educate and empower attendees on public address/telephone paging applications.
- Establish a working & technical understanding of the Bogen product line.
- Review and grasp the fundamental principles of "Sound".
- Examine the benefits of both 70-volt & 24-volt systems, and understand how to use this knowledge to increase your business and income opportunities.
- Introduce the C4000 Nyquist IP System for Commercial/Industrial applications, a software-based solution for commercial paging and audio distribution applications that demand a high degree of scalability and flexibility.

Course in Installation, Product and Paging/Sound System Design:

- **A BICSI Certified Course Approved for RCDD; RITP; RTPM; DCDC; ESS; NTS; OPS; WD; Installer Level 2; Copper; Optical Fiber; Technician; and Certified Trainer; All Receiving Seven(7) Continuing Education BICSI Credits**
