

# BOGEN®

## INTRODUCTION & TRAINING

## EMERGENCY COMMUNICATIONS & MASS NOTIFICATION SYSTEMS

**Bogen Communications, Inc.** and **Graybar** will be conducting a FREE Full-Day Seminar. This Event is for Owners, Managers, Facility and IT personnel to come and learn how to use communication systems to instantly make direct contact with 100% of the entire workforce and personnel across mega-plants and large, geographically dispersed areas. All personnel are kept safe and informed via multiple channels and devices throughout a crisis: chemical spill, hazardous gas leak, active shooter, fire evacuation, severe weather or any other critical event. Gain and understanding of Mass Notification (NFPA 25-72 and UL 2572) More and more states are mandating complete supervision and intelligence for communication systems.

### Feature Topics Include:

Supervised Mass Notification / Understanding NFPA 72 Ch 24 / CLEAR VOICE MN™  
EN54-16 - (VACIE and FACIE) / IDA8 System Controller/Processor / CLEAR VOICE MN™  
Terracom IP Based Audio Distribution / BOGEN Free Design Service

THE TRAINING SEMINAR WILL TAKE PLACE ON:

**Wednesday August 8th, 2018 • 9:00 am - 4:00 pm**

THE TRAINING SEMINAR WILL BE HELD AT:

**Graybar - South Florida Service Center**

3400 SW 30th Avenue  
Dania Beach, FL 33312
