

BOGEN®

TECHNOLOGY PARTNER ECOSYSTEM OVERVIEW

Collaboration
that Communicates

Drive Joint Innovation

Shared Vision

Collaboration

Deliver Enhanced Capabilities

Technology Partners

Our technology partner ecosystem consists of leaders in mass communications and emergency alert systems. Offering integrated solutions designed to move our industry forward using cutting edge technology, Bogen and our partners provide integrators and end-users with the most expansive range of features and capabilities on the market to create tightly integrated, event specific, emergency response.

The Foundation for Innovation

Bogen's Technology Partners are recognized innovators with comprehensive solutions and services to meet the demands of customers in diverse shared markets. At Bogen, we partner with these strategically selected companies to jointly develop and deliver value-added solutions, collaborative marketing efforts, and sales team alignment to drive joint customer success.

Shared Vision

Bogen integrates with Technology Partners to leverage unique capabilities within each other's solutions. This facilitates enhanced communications which deliver more value to the customer and end-users and helps ensure the safety of people and their work environment. All Technology Partners continuously update and differentiate their own products, which means that as one gets better, the other does too, thus ultimately enhancing the integrated solutions.

Bogen Partnership Engagements

- ✓ Enhance customer experience
- ✓ Bring differentiated solutions to our mutual customers
- ✓ Document recommended practices for interoperability

Partnerships
that make *waves*.

Collaboration
that *communicates*.

Technology Partner Ecosystem

The strength of our solution can be increased even further in tight combination with other key systems and technology already prevalent or gaining attention in the market.

By leveraging the Routines API, our technology partners enhance and expand the functionality of the Nyquist Platform.
